FREMONT.

Some of our farmer friends are still trying to save the remainder of their hay and grain crop.

Sunday's electrical, rain and hail storm did considerable damage in the country surrounding. Hail stones fell measuring over an inch in diameter. The storm was of short duration. Several buildings were struck by lightning, one being a barn belonging to Wm. Wall on the farm located near George Puffer's place a short distance north of the Galbraith line, and was filled with hay and grain. It was burned to the ground. The farm dwelling of Henry Main in Greenwood was struck by lightning. The family received slight shocks.

Milton Bender and bride, of Caro, while on their honeymoon trip, visited relatives and friends here for a few days. On their return to Caro the happy couple will go to housekeeping on the farm purchased a number of years ago by the former's mother.

John Lapien of Brockway, visited with relatives in this place Sunday.

Rev. Vandorn preached a fine sermon Sunday in the M. P. church. Next Sunday he preaches a temperance sermon at 11 o'clock. All invited.

H. M. Wadsworth was called to Webberville to see his mother who is dangerously sick.

Rev. Firth, of the M. E. church, preached his farewell sermon Sunday evening in the Avoca church.

Laney Wadsworth of Yale High School Sundayed at home.

G. D. Kook and wife were in Detroit last week buying fall goods for their store.

Lury Menerey, of Yale, visited H. M. Wadsworth and family Saturday.

M. P. Church Notes

REV. CHAS. BRAGG, PASTOR
A farewell party was given to Chas. Shaver and family at their home on Tuesday evening. Mr. Shaver and family leave this week for Jeddo, where he will preach during the coming year. The evening was very pleasantly spent and as a slight token of remembrance they were presented with a beautiful tabernacle. Mr. and Mrs. Shaver will be greatly missed in our Sunday school and church, but our best wishes and success go with the family to their new home.

Prayer meeting will be held on Thursday evening at the church.

The L. A. S. will meet at the home of Mr. Chas. Barr on Thursday afternoon for work.

Choir practice at the parsonage Friday evening. All members requested to be present.

AUTOMOBILE TAX

You Will Pay At Least \$11 On Your Ford Next Year.

The new automobile tax law which goes into effect January 1, next, will bring a lot more money into the state and county treasuries, but will be bad news to auto owners when they step up to take their 1916 licenses. Instead of the present \$3 license fee they will have to pay at the rate of 25 cents per horse power plus 25 cents per hundred pounds weight of car. The Secretary of State has figured out that the average price of a license would be about \$13. The average Ford license will cost about \$11 and larger cars much more.

It is figured that next year about 135,000 licenses will be issued, as 102,000 have been this year already against about 70,000 in 1914. The total sums paid for these licenses will be about \$1,750,000, half of which will go to the state and half to the county in which the tax is paid.

More than 10% of all Cement Used in the United States is

This is the Cement age—in the United States yearly the consumption is **ONE BARREL FOR EVERY PERSON**—cement is used everywhere—for every conceivable purpose.

Cement has made possible the world's greatest engineering triumphs—canals—dams—irrigation projects—subways, etc. It enters into the construction of our homes—factories—public buildings—garages—streets—roads—sidewalks—bridges—railroads—piers—etc. The farmer uses it for barns—floors—silos—cisterns—water troughs—fence posts—etc.

Cement makes possible fire-proof concrete construction and will last forever. Directly or indirectly every person in the United States uses cement. You should know of the adaptability of cement construction. You should know about Lehigh, and the reasons which make it the National Cement. WHY? 10% of all the cement used in the United States is LEHIGH—the remaining nine-tenths being manufactured by other companies.

Mortgage Sale.

Default having been made in the conditions of a mortgage made by Albert D. Bane of Pittsburgh, Pa., to the Yale State Bank, a corporation, dated August 26th, A. D. 1914, and recorded in the office of the Register of Deeds for the county of St. Clair, State of Michigan on the 26th day of August, A. D. 1915, in Liber 130 of Mortgages, at page 22, on which mortgage there is claimed to be due at the time of this notice the sum of seventy-six dollars and fifty-nine cents (\$76.59) and an attorney's fee of fifteen dollars (\$15.00) as by statute in such case provided, and no suit or proceeding by law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

NOW THEREFORE, by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on the 22nd day of October, A. D. 1915, at one o'clock in the afternoon, I shall sell at public auction to the highest bidder, at the front door of the court house, in the City of Port Huron, St. Clair county, State of Michigan, that being the place where the Circuit Court for the county of St. Clair is held, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage with 1 per cent interest and all legal costs, together with an attorney's fee of fifteen dollars as by statute made and provided, the said premises being described in said mortgage as Lots seven (7) and eight (8) in Block two (2) of Atlas Vista Addition to the City of Yair, Michigan 17-13. YALE STATE BANK, Mortgagee. E. H. DRAKE Attorney for Mortgagee.

We have the agency for the Saginaw Steel-built Silos. They stand up against wind and storm, they are air-tight. Saginaw silage is succulent, sweet and clean all the way through. The Saginaw Silos are reinforced by steel ribs, which does three things:

First:—It absolutely prevents the slipping lengthwise or tilting of the staves under heavy wind pressure.

Second:—The angle steel ribs prevents the caving in of the walls.

Third:—It makes easy the erecting of the silo.

The Silo is a tried and proven profit maker. Everywhere Silos are solving the great feed cost problem. Please call and have a talk with us on the Silo proposition before buying.
